Professor Joshua LEDERBERG
President
Rockefeller University
1230 York Avenue
NEW-YORK, N.Y. 10021
U.S.A.

Dear Joshua,

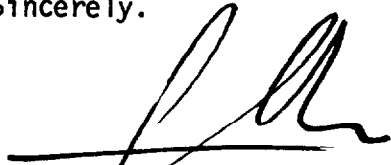

It happens that an opportunity has arisen for a cooperation between the Rockefeller University and Servier Research Institute.

Doctor Nicole SIMON-LAVOINE who is one of my assistants and Doctor LEIBOWITCH who works with Professor Jean-François BACH in Hospital Necker in Paris have discussed with Doctor Carl F. NATHAN a program of work on Cyclomunine, one of our new products, which is very promising as an immuno-modulator.

I am very happy of this opportunity for a scientific cooperation and I hope that when the work is finished we shall be able to meet in New-York.

I would be very happy on that occasion to introduce Madame M. DEROME-TREMBLAY, Ph. D., who is our international vice-president, responsible for our scientific organisation in the U.S.A.

With best wishes for you and Guigui. Sincerely.

Doctor J. POIRIER

Président de l'Institut de Recherches SERVIER

N.B. Will you please find enclosed a copy of my letter to Dr NATHAN.
